Plastic folder for assignments

Methods and Objectives:

The students will increase their English vocabulary, their knowledge of English grammar, and their comprehension of written and spoken English. They will do this by reading, comprehension, grammar and SRA exercises.

They will also read a novel, short stories and answer questions about them.

The students will expand their writing skills by writing several essays on given topics.

The students will improve their skills in spoken English by giving a presentation on a given topic which they have researched.

They will also be encouraged to participate in group discussions to learn to express their opinions in English.

They will have the opportunity to express their creativity through the exposure to and composition of simple poetry.

A variety of exercises will be done by students to reinforce the learned skills.

All work must be done in each area to receive a grade for that section: e.g. all work must be in the folder to receive a grade for the folder.

Students must obtain a grade of 4.5 on the final exam to pass.

Evaluation:

Exam:	40%
Essay exam	5 % (movie)
Verbal report:	5% (presentation)
Essay folder and SRA:	10%
book:	10%
Attitude and participation:	10%
Tests and quizzes	20%

This plan is subject to change.
